Hi Dan-

We have been reading some items in the minutes about our property that we are curious about and hopefully you can shed some light. The comments "including ongoing disruption of the neighborhood with music and activities, including evenings and weekends" concern us. We would really like to know what the issues are as we would like to address them with any tenants that this pertains to. We had an incident in the fall when a tenant has a youth group playing music one Sunday evening inside the building. When our neighbors Kyle and Hannah came to us and we took care of this issue immediately. If there are other items we would like to know what they are. Can you meet with us so we can find out what these ongoing disruptions are so they can be addressed? Bill Donaruma and I do everything we can to be good neighbors and your input would help us to continue this trend. Let us know what days and times are good and we will make ourselves available.

Thank you
