Subject: Parking issues for Summer

Hi Dan,

Hope all is well with you.

John and I plan to attend the SCA Meeting tomorrow night. It appears that pre-summer traffic issues will be addressed. John and I would like to be pro active this year and express a concern we encounter every summer and hopefully the SCA can help with a solution.

Directly across from our house and the Market is a big curve on Thimble Island Rd, marked with a yellow curb. Nobody observes the yellow curb (universal for "no parking") - residents, visitors/tourists, and commercial trucks making deliveries to the Market. People parking here, due to the curve on the street prevents 2 way traffic, and creates traffic all summer long. We have spoken to Leno and Fitz at the beginning of every summer to enforce ticketing, but that has not been followed through. We are not in favor of No Parking signs as that destroys the beauty of the Creek!!! We suggest:

1. Vigilant and consistent issuing of parking tickets.
2. Painting curbs, and perhaps painting No Parking on the street?

Thank you.
